Dive deep into Tradition 5 and Step 12, to enrich your own recovery while expanding your skills to anonymously spread awareness of OA in public media, as a form of service.

Come together virtually to learn about the new MAI “Marching Band” program - no instruments needed! We’ll start out simply, with a “duet” of 1) hanging posters and 2) posting in local electronic media.

MAI provides tools and coaching to those who serve in the Marching Band. All OA members appreciated, regardless of computer proficiency.

After the workshop, you’ll have the opportunity to decide whether to join the Marching Band where you will learn and work together to carry the OA message around all MAI communities- north, south, east and west.

This Carry the Message Workshop sponsored by Milwaukee Area Intergroup.
